Emergency Services Colloquium 2013: Cardiac Emergencies

February 8, 2013

EMERGENCY CHALLENGE

An emergency challenge competition that is part of the Emergency Services Colloquium 2013 agenda for those who would like to participate

The Emergency Challenge is first come, first served and is open to the first six teams of four participants to register. Each participating team will be provided with a cardiac-related emergency scenario and will work together to properly identify and treat the patient. There will be a peer vote by the audience to determine the #1 emergency challenge team. Each member of the winning team will receive a Kindle.

Please provide a name for your team and, when calling to register for the challenge, please indicate which team you would like to join.

Emergency Challenge Finals

The top three teams from the morning challenge will compete for the finals at 12:45 p.m. Each of the three final teams will be provided with a cardiac-related emergency scenario and will work together to properly identify and treat the patient. The audience will be asked to vote on the team that best worked through the scenario, provided quality patient care, and demonstrated team work.

Times for the Emergency Challenge

7:00 a.m.	Registration for Emergency Challenge participants
7:30–8:30	**Emergency Challenge Competition for All Registered Teams**
12:45 p.m.	**Emergency Challenge Finals**
