**MOVIES, VIDEOS AND CD AND DVD PROGRAMS**

1. **Lloyd T.** Clinical Investigation Today, Penn State Univ. 2000

2. **Lloyd T,** Cavanagh PR, Guidelines for Effective Presentations, Penn State Univ. 2002

3. **Lloyd T.** Penn State Clinical Research, Penn State Univ. 2004

4. **Lloyd T,** Gleeson K, The Principles of Informed Consent, Penn State Univ. 2004

PUBLICATIONS: BOOK CHAPTERS

ABSTRACTS AND PRESENTATIONS

A. INTERNATIONAL

1. **Lloyd T.** Fourth International Catecholamine Symposium (September 1978, Asilomar, California). The effects of phosphatidylinositol on tyrosine hydroxylase.

2. **Lloyd T.** Session on cyclitols and phosphoinositides, IXth International Biochemistry Congress (July 1979, Toronto, Ontario, Canada). Regulation of tyrosine hydroxylase activity by phosphatidylinositol.

11. **Lloyd T.** Effect of caffeine intake on bone density of premenopausal women. Seventh International Caffeine Workshop, International Life Sciences Institute, Santorini, Greece, June 13-17, 1993. (Dr. Lloyd was the chairman of the session on Caffeine and Calcium Metabolism.)

21. **Lloyd T**. Bentley C, Petit M, Beck TJ. The Effects of Physical Activity and Weight Gain In Adolescence on Bone Strength in Young Women. Buenos Aires, Argentina, Nov. 2005

**B. NATIONAL**

7. **Lloyd T.** American Society for Pharmacology and Experimental Therapeutics. (August 1979, Portland, Oregon). Rapid activation or inhibition of tyrosine hydroxylase by phosphatidylinositol.

8. **Lloyd T.** Second Year Established Investigators Meeting, American Heart Association (March 1980, Orlando, Florida). Rapid regulation of tyrosine hydroxylase.

12. **Lloyd T.** Stanford University Medical Center (October 1981, Palo Alto, California). Differential regulation of tyrosine hydroxylase.

15. **Lloyd T.** American Society of Biological Chemists, 74th Annual Meeting (June 1983, San Francisco, California). Evidence for a cyclic nucleotide and Ca++ independent retinal protein kinase which can regulate tyrosine hydroxylase activity.

16. Stumpf PG, **Lloyd T.** Fourth International Congress on the Menopause (October 1984, Orlando, FL). Response of a liver protein sex hormone binding globulin (SHBG), to modulations of circulating oestradiol.

52. **Lloyd T**. Caffeine: Clarifying the controversies. The American Dietetic Association Annual Meeting, Atlanta, Georgia, October 19-22, 1999.

53. **Lloyd T**. Peak Bone Mass-Peak Bone Strength: What we know - What we need to know. NIH Concensus Development conference on Osteoporosis Prevention, Diagnosis and Therapy, Bethesda, Maryland, March 27-29, 2000.
