Email: crill@hmc.psu.edu

MEALS: Meals are provided through Mount Nittany Medical Center for students of the regional

campus. A \$100 stipend will be given for this clerkship rotation.

COMMENTS: Personal vehicle is required.

Welcome to the Family Medicine Clerkship at the University Park Regional Medical Campus. As part of the Department of Family and Community Medicine at Penn State Hershey College of Medicine, our faculty is committed to making this one of the best rotations you will experience in medical school. Our goal is to assist you in developing your knowledge base and medical skills. As such, we have developed a menu of enrichment activities that will augment your experience.

Students may spend time at any of our three practice sites in State College. You will be assigned to a Family Medicine mentor for this rotation, whom you will meet with on your first day in clinic; they can provide additional information on your rotation, and answer any questions that you might have. This faculty member will act as your advocate to ensure that your experience with us is exceptional. He or she will also be the faculty member that provides your mid-point feedback and final evaluation. Your mentor can also serve as a potential source for a letter of recommendation as you apply to residencies, although you are welcome to ask any of our physicians to write a letter for you.
