Penn State Hershey Heart and Vascular Institute welcomes new cardiologist, specializing in diagnostic catheterizations, heart failure, and imaging studies.

Barry S. Clemson, M.D., joins Penn State
Hershey Heart and Vascular Institute, as a
member of the heart failure team. In addition
to caring for heart failure patients, he performs
diagnostic catheterizations and reviews cardiac
imaging studies. Dr. Clemson cares for patients
in the Penn State Hershey Heart and Vascular
Institute—Hanover office and at Penn State
Hershey Medical Group—Camp Hill.

Barry S. Clemson, M.D.
