The Campus Council on Diversity Presents

From East Asia to the West Indies: A tale of international fieldwork

Tuesday, October 29th at 12noon In Lecture Room C (5th Floor) Penn State Hershey Medical Center

Presenting: Khai Chung, Ph.D.

Dr. Chung conducted scientific research across many nations' poses its own challenges. Sleeping in the jungle, eating unknown food, showering in the river and using a pit toilet was all in a day's work! Dr. Chung researched human migration, adaption, and pigmentation from East Asia to the West Indies. His graduate work was with the aboriginal people of Malaysia (the Orang Asli). Come listen to his amazing journey.

Lunch will be provided Please rsvp to diversity@hmc.psu.edu
