

Conversation with Distinguished Educators Lecture Series

2003/2004

October 7, 2003

Philip Masters, M.D. (Medicine)

Theoretical Underpinnings for Training Students to Think

November 11, 2003

Barbara Ostrov, M.D. (Pediatrics & Medicine)

The Educator as a Mentor

December 2, 2003

Ian Zagon, Ph.D. (Neural & Behavioral Sciences)

Things I should have learned about teaching – If only I have paid attention

January 13, 2004

James Ballard, M.D. (Medicine)

Enhancing the Value of Lectures in Medical Education

February 10, 2004

Robert Zelis, M.D. (Medicine)

Being There...or NOT – Lessons from Teaching Cardiology Bedside Skills by Computer?

March 9, 2004

David Spector, Ph.D. (Microbiology & Immunology)

Core and More: Courses, Horses, and Forces in Ph.D. Training in the Biomedical Sciences

April 13, 2004

Richard Zaino, Ph.D. (Pathology)

Pathos, Pathology, Pathetic

May 11, 2004

Carol Whitfield, Ph.D. (Cellular & Molecular Physiology)

Gleanings from the Field: Tidbits to Morsels

June 8, 2004

Judith Tevethia, Ph.D. (Microbiology & Immunology)

I Hear You Talking But I Can't See What You're Saying

July 6, 2004

Thomas Lloyd, Ph.D. (Department of Health Evaluation Sciences)

The Case for a Penn State Master's Program in Clinical Research for Nurses

2004/2005

September 14, 2004

W. Bosseau Murray, M.B., Ch.B. (Anesthesiology)

Simulation, Virtual Reality and Haptics: The Future of Medical Education

October 12, 2004

Mark Widome, M.D. (Pediatrics)

Teaching and Learning by Example

November 9, 2004

Shou Ling Leong, M.D. (Family & Community Medicine)

Creating Web-Based Computer Cases: Key Elements for Success

December 7, 2004

John George, Ph.D. (Family & Community Medicine)

Motivation: Key to Successful Learning

2005/2006

January 18, 2005

Michael Verderame, Ph.D. (Associate Dean for Graduate Studies)

It's ideas, Verderame, ideas

The Future of Graduate Education

Feburary 15, 2005

Darrell Kirch, M.D. (Dean, College of Medicine)

Vision or Hallucination? – A View of Medical Education from the Ad Hoc Committee of Deans of the AAMC

March 15, 2005

Stephen Kimatian, M.D. (Anesthesiology)

Post Graduate Leadership Development

May 17, 2005

Dwight Davis, M.D. (Cardiology)

Tuition – Does it make a Difference?

June 21, 2005

Richard Simons, M.D. (Vice Dean for Educational Affairs)

Graduate Medical Education Beyond "Competency": some reflections on the present and a prediction for the future"

September 14, 2005

Edward (Ted) Bollard, M.D. (Medicine)

Michael Verderame, Ph.D. (Medicine)

Residency "vs" Graduate Education: What's the Difference?

November 9, 2005

Anita Hopper, Ph.D. (Biochemistry and Molecular Biology)

Graduate Education Strategies: is bigger better? Does one size fit all?

December 14, 2005

Paul Kettl, M.D. (Psychiatry)

Using Different Media in Teaching

January 11, 2006

Steven Wassner, M.D. (Pediatrics)

Who will evaluate the Evaluators?

March 8, 2006

Edwards P. Schwentker, M.D. (Orthopaedics & Rehabilitation and Pediatrics)

Team-Based Learning at Penn State COM?

2006/2007

September 13, 2006

Maryellen E. Gusic, M.D. (Division of General Pediatrics)

Assessing Outcomes: Measuring the Effectiveness of Educational Experiences

November 8, 2006

Ralph L. Keil, Ph.D. (Biochemistry & Molecular Biology)

Outreach K-12: An Individual Approach

January 10, 2007

Gregory M. Caputo, M.D. (Medicine)

Quality and Safety: Developing a Curriculum for the Future

March 14, 2007

Graham H. Jeffries, M.B., Ch.B., D.Phil

Why is the History of Medicine Relevant in the Medical Curriculum?

2007/2008

September 12, 2007

Charles H. Lang, Ph.D.

Student Evaluation of Faculty Teaching Performance: Useful or Useless?

November 14, 2007

Robert J. Milner, Ph.D.

Never Mind the Width, Feel the Quality: Graduate & Postdoctoral Education in Life Sciences

January 9, 2008

Milind J. Kothari, D.O.

What can we do to Enhance the use of Simulation within the Clerkships?

March 12, 2008

Michael F. Verderame, Ph.D.

It's ideas, Verderame, ideas! (Part 2) Biomedical Graduate Education in the 21st Century

2008/2009

October 1, 2008

David A. Quillen, M.D.

Teaching and Learning in the Ambulatory Care Setting

November 12, 2008

Robert H. Bonneau, Ph.D.

Challenges of Developing & Delivering a Medical School Lecture that Exhibits each of the Essential "E-Qualities" of an Excellent Lecture Experience

January 14, 2009

Dwight Davis, M.D.

Goals of Undergraduate Medical Education and Student Debt

March 11, 2009

Dennis L. Gingrich, M.D.

Using Dialogue Techniques in Small Group Education

<u>2009/2010</u>

September 16, 2009

Elizabeth Sinz, M.D.

Combining Standardized Patients with Simulators for Teaching & Assessment

November 11, 2009

Kent Vrana, Ph.D.

Mentors and Mentees – An Academic Symbiosis

January 13, 2010

Timothy Craig, D.O.

How Can We Succeed in Medical Student Research Projects?

March 10, 2010

Richard Courtney, Ph.D.

Graduate Student Education: Lessons Learned

2010/2011

September 8, 2010

Donald Mackay, D.D.S., M.D., F.R.C.S., F.C.S.(S.A.), F.A.C.S., F.A.A.P.

Surgical Education for Resource Poor Countries – Lessons from Operation Smile

October 13, 2010

Deborah Kees-Folts, M.D.

Using a Patient Encounters Log to Enhance Learning in a Clinical Clerkship

November 10, 2010

Lawrence E. Kass, M.D.

Giving Feedback

January 12, 2011

Sarah K. Bronson, Ph.D.

Diversity: Why do we want it? How do we achieve it?

February 9, 2011

Michael Beck, M.D. (Junior Faculty Teaching Award Recipient)

Clinical Vignettes and Resident Education in a P4P World: Lessons Learned.

March 30, 2011

Barbara Ostrov, M.D.

Puzzles and Games as Educational Tools

2011-2012

September 27, 2011

Betsy Aumiller, D.Ed. (Junior Faculty Teaching Award Recipient)

The Outcomes of Cancer Research begin with Community Education: Educational Strategies for Increasing Participation in Cancer Research Studies in Central PA – A Pilot Study

November 9, 2011

Stephen Rannels, Ph.D.

Emphasizing our Natural History in Education

January 11, 2012

Peter Lewis, M.D.

Paired Observation & Video Editing (DOVE) – a 4th year Medical Student Advanced Communications Elective: Report on a Multi-Site Collaboration & Piloting at Penn State College of Medicine

February 8, 2012

Dan Galvan, M.D. (Junior Faculty Teaching Award Recipient)

How are we to Improve Undergraduate Medical Education?

February 22, 2012

Gordon Kauffman, M.D.

Teaching Millenials

March 14, 2012

Michael Katzman, M.D.

Still not sure what to talk about, but let's try: In Defense of Teaching the History & Physical.

2012-2013

October 10, 2012

Kevin Black, M.D.

Systems Based Practice – <u>The</u> Core Competency?

December 5, 2012

Loren Clarke, M.D. (Junior Faculty Teaching Award Recipient)

From Catastrophe to Mastery: Why Motivation is Everything

January 9, 2013

David C. Richard, M.D.

Reflections of a Die-hard Red Sox Fan: What Baseball can Teach us about Medical Student Education

February 13, 2013

Elizabeth Frauenhoffer, M.D.

An Accidental Educator: Lessons and Confessions

February 27, 2013

Timothy Cooper, DMV, Ph.D. (Junior Faculty Teaching Award Recipient)

Matching Wallpaper: Pattern recognition in teaching pathology to non-pathologists

March 13, 2013

John Zurlo, M.D.

Professionalism in Medicine: How can we Measure It? How can we Teach It?

2013-2014

September 11, 2013

Fauzia Mahr, M.D.

Breaking the Silos, Possibilities and Feasibility of Interdisciplinary & Inter Professional Education

October 9, 2013

Nicole Swallow, M.D.

The Power of Observation

November 13, 2013

Tiffany Whitcomb, D.V.M.

Teaching Laboratory Animal Techniques In-Situ: Building Confidence and Collaboration
