

Customizing Care Among Individuals With Multiple Sclerosis in an Evolving Treatment Landscape

Course Director: Stephen Krieger, MD

Date/Time:

Wednesday, May 22, 2013

6:30pm

Final registration

6:45pm

Program begins

7:45pm

Evaluation and Adjournment

Location:

Fenicci's Restaurant
102 W Chocolate Ave
Hershey, PA 17033

Faculty:

Gary A. Thomas, MD
Penn State Milton S. Hershey Medical Center
Penn State College of Medicine
Hershey, Pennsylvania

This live educational meeting designed to increase the knowledge and competence of neurologists with respect to the management of patients with multiple sclerosis. In this activity, Dr. Gary Thomas will assess and analyze recent data on established and emerging disease-modifying therapies for MS management. He will then discuss two clinical case scenarios to emphasize the practical applications of these data as they relate to treatment selection in newly diagnosed patients with MS as well as individuals who have responded suboptimally to previous treatment with DMTs.

Educational Objectives

Upon completion of this activity, participants will be able to

- Apply recent data on available disease-modifying therapies (DMTs) when selecting a course of treatment for individuals with MS
- Analyze recent data on emerging DMTs for the management of MS and their potential impact on treatment selection and sequencing in individual patients
- Employ various strategies to prevent or mitigate the potential risks associated with DMTs when choosing a course of treatment for patients with MS
- Examine patient-specific and disease-related factors when selecting or switching DMTs in individuals with MS

Target Audience

This activity has been designed to meet the educational needs of neurologists, NPs and PAs in the neurology setting, and other clinicians involved in the management of patients with multiple sclerosis.

Sponsorship, Credit & Support

Physicians

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of Penn State College of Medicine and PVI, PeerView Institute for Medical Education. Penn State College of Medicine is accredited by the ACCME to provide continuing medical education for physicians. The Penn State College of Medicine designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Information about CME credit for this activity is available by contacting Penn State at 717-531-6483 or ContinuingEd@hmc.psu.edu. Reference course # G5297-13-Z.

This CME activity is jointly sponsored by Penn State College of Medicine and PVI, PeerView Institute for Medical Education. This activity is supported by educational grants from Genzyme, a Sanofi company and Teva Pharmaceuticals.
