

Penn State Hershey Medical Group - Fishburn Road Hershey, PA

CLERKSHIP SITE DIRECTORS: Peter R. Lewis, M.D. and Abdul Waheed, M.D.
845 Fishburn Road
Hershey, PA 17033

MEALS: Not Provided

HOUSING: Not Provided

COMMENTS: Personal transportation is required. Car travel will be most likely but we are readily accessible from the Medical Center by bicycle as well.

The clerkship experience with the Department of Family & Community Medicine of the M. S. Hershey Medical Center includes the Penn State Medical Group – Fishburn Road practice site. The practice functions as a large group practice with multiple teams and an emphasis on team-structured patient-centered care. The student will be given the opportunity to independently see and evaluate patients under the supervision of family physicians—attending's and senior residents. Prenatal/obstetrical care, procedural training and hospice care will be included in this rotation. Opportunities also exist for focused teaching in sports medicine, pain management/acupuncture, and participation in the department's inpatient teaching service at the M.S. Hershey Medical Center. Time will also be spent at a homeless shelter. Student will periodically attend resident teaching conferences.

We look forward to working with you during your 3rd year clerkship in Family Medicine.

Please contact Dr. Waheed (awaheed1@hmc.psu.edu) or Dr. Lewis (plewis@hmc.psu.edu) with any questions about this rotation.
