Guidelines for Young Investigator Awards:

The following Young Investigator Awards will be given based on the quality of the abstract.

- Young Investigator Award – Basic Science Research
- Young Investigator Award – Clinical Research

In order to apply for a Young Investigator Award, the candidate must be no more than seven years from the end of their most recent formal training, must have completed his/her training, and must be employed as a Postdoctoral Fellow, Research Associate, or Instructor, or at a level no greater than Assistant Professor in the institution.

The following guidelines must be adhered to for consideration for a Young Investigator Award.

STEP 1: The candidate must submit an abstract for consideration (abstract deadline is Friday, February 26, 2016) and request that the committee consider the abstract for a Young Investigator Award.

STEP 2: The candidate must be available to present the abstract orally at Pediatric Research Day if chosen.

STEP 3: Members of the Pediatric Research Day Committee will decide if the quality of the abstract is adequate for consideration.

STEP 4: Members of the Pediatric Research Day Committee will choose the awardees. Award winners will be announced on Thursday, May 26, 2016. Awardees will also receive a plaque.
