Audience / Purpose

Penn State Hershey Medical Center’s Anesthesia Technology Conference is intended for anesthesia technicians, anesthesia technologists, anesthesia students and other medical professionals seeking education credit.

Planning Committee

Case Organizers
Melissa Boyles, Manager
Anesthesia and OR
Technical Services
Ayleen Secor, Cer. A.T., EMT-P
Tracey Stakem, Cer. A.T.

Adjunct Advisors
David Clark, Cer. A.T., EMT-B
Delores Mohn, Cer. A.T.
Vision
Our vision is to achieve excellence in patient care and service to the community through the integration of education and research, and to inspire a culture of innovation to be the best at improving patient health.

Mission
We are committed to enhancing the quality of life through improved health, the professional preparation of those who will serve the health needs of others, and the discovery of knowledge that will benefit all.

Objective
Develop hands-on skills and critical thinking for:
- Pediatric cardiac arrests
- Managing pediatric airways
- Malignant hyperthermia

Explore the differences between inhaled anesthetics
Increase knowledge and understanding of caring for pediatric patients
Understanding congenital heart defects and who they affect
By the end of the course, the Anesthesia Technician/Technologist will have been provided with a vast amount of information pertaining mostly to pediatric anesthesia; in addition, addressing topics at an all-age range.

Access
Penn State encourages persons with disabilities to participate in its programs and activities. If you anticipate needing any type of special accommodation or have questions about the physical access provided, please contact Continuing Education at least one week in advance of your participation or visit.
Faculty*

Joseph Answine, MD
